

FAA Safety Team, EA-63 FSDO presents:

Post-Crash Survival Training for Civil Aviators

Mike Ganis from Northstar Survival Solutions will present this FAASTeam Safety Seminar. Topics discussed will include Survival priorities and strategies, shelter craft, fire craft, signaling techniques, water acquisition and purification, knots and lashings, and medical considerations, Search and rescue cycle, how to become part of the team that is looking for you. You are not a victim, you are a first responder! Aviation specific topics include items designed for pilots and aircrew members who will face unique challenges as survivors of a small plane crash such as, aircraft egress, communications, ELTs & 406 MHz beacons, making the most of a crashed airframe, search & rescue considerations, medical issues, aircrew service survival kits, and aircrew cooperation. Coffee and Donuts at 9:30 and BBQ Chicken Cookout to follow the seminar! Click on the link below to register TODAY!

Directions: Skylark Airpark is located 1/2 mile south of the CT-RT 140 intersection. Event is held in the hangar.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
